PENNY Bag & Purse

Pattern

2 Sizes

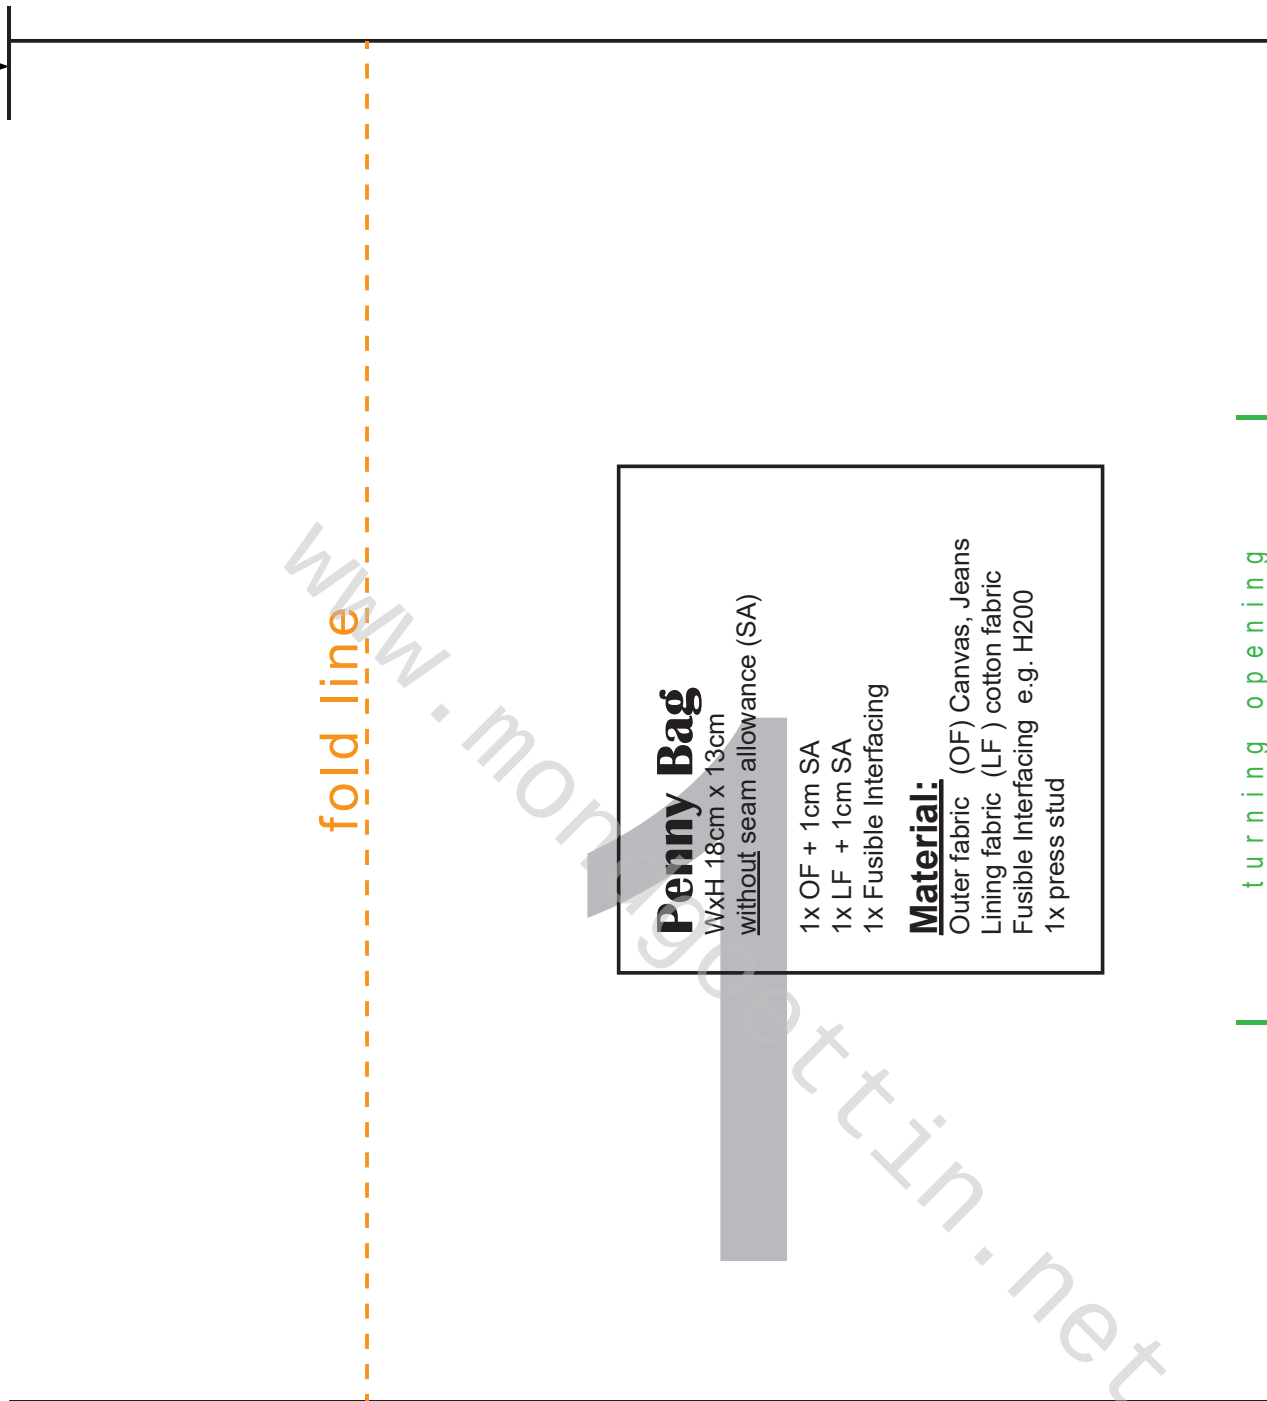

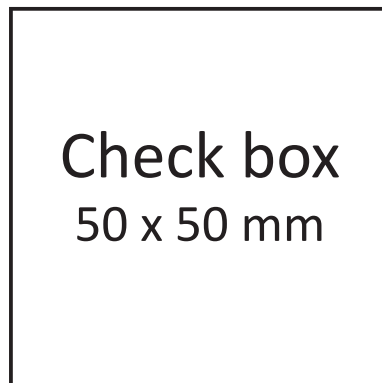

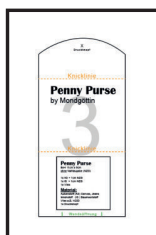

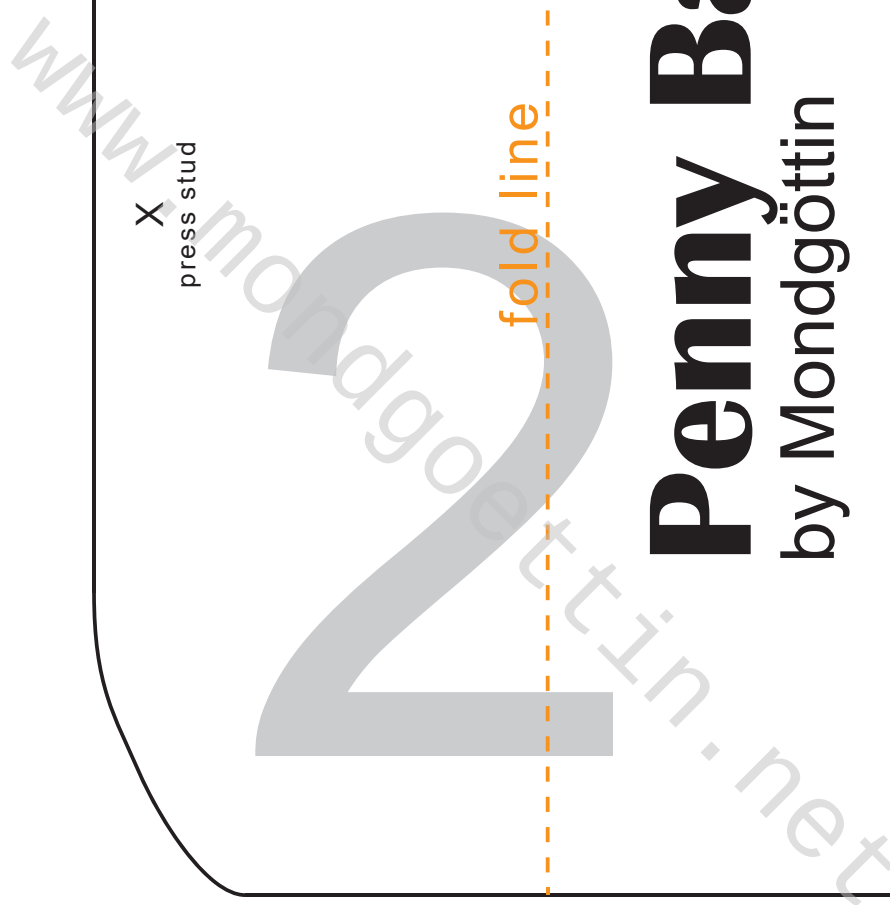

Penny Purse and Penny Bag

Guidance for the pattern

- The English pattern for the **Penny Bag** you will find on the pages 3-4, for the **Penny Purse** on the page 5 of this pdf.
- To print out the pattern, set the printer setting to actual size to avoid distortion. A check box measuring 5x5cm is included on page 1 for verification purposes.
- Before joining pages 1 and 2 of the pattern, trim the side of page 2 along the dotted line marked with scissors.
- Glue the sides together according to the drawing on page 1. The overlaps are marked with short dashes with arrows.
I have published video instructions for this in the video [sewing pattern fast + simply glue together](#)
- You can find detailed sewing instructions on my [Youtube Channel](#) in the video [Penny Purse and Bag sewing instructions](#)
The video has English subtitles.

Happy sewing!
